

# LUBE GEL

## OBSTETRICAL LUBRICANT

**LUBE GEL** is a highly viscous blue gel combining exceptional lubricating properties with a highly efficient antibacterial agent. It also contains moisturising agents to minimise any skin irritations.

**LUBE GEL** has been specifically formulated for use as a lubricating aid in pregnancy testing, calving and other manipulations.

### FEATURES AND BENEFITS:

- Highly Viscous, ensures economy in use
- Does not contain a spermicide.
- pH Balanced, mild on the skin
- Antibacterial, prevents cross infections
- Excellent lubricating and moisturising properties, prevents drying and maintains skin in supple condition
- Distinctive blue colour, easily identifiable on the skin
- Water based, washes out with water leaving no harmful residue
- Suitable for use on horses

### DIRECTIONS FOR USE:

LUBE GEL is used as received.

5Lt container : Push down on pump nozzle to obtain required amount. If pump becomes blocked, remove and rinse with warm water.

Other containers: Pour out required amount, replace cap after use to prevent contamination of the product.
