

ONE SHOT GEL

TOTAL WASHROOM CLEANER

ONE SHOT GEL is formulated on all natural acids and green surfactants, a combination that has proven to be the least corrosive to all metals yet gives excellent performance. The regular use of **ONE SHOT GEL** brightens stainless steel and porcelain surfaces. **ONE SHOT GEL** has excellent antibacterial properties and incorporates a blend of "natural" organic acids and wetting agents combined with a specially formulated thixotropic agent. The acidic detergency provides a rapid penetration and dissolution of lime scale deposits, uric acid deposits and stains, whilst the thixotropic characteristics ensure that the thickened liquid has an extended contact time by "sticking" to all vertical surfaces. The regular use of **ONE SHOT GEL** controls uric acid deposits and brightens stainless steel and porcelain surfaces.

FEATURES AND BENEFITS:

- Highly Concentrated
- Fully Biodegradable
- Contains safe "organic" acids
- Safe on all metals, plastics and porcelain surfaces encountered
- Thick liquid ensures adequate contact on curved and vertical surfaces
- Made From Renewable Resources
- All surfactants made from vegetable origin
- Phosphate Free formulation
- Excellent aquatic toxicity

Refer to Safety Data Sheet, for more information.

Appearance -
Blue/Green Liquid

Fragrance - Characteristic

pH - 2-3

Pack Sizes - 15lt drums,
5lt drums

Shelf Life - 2 Years

DIRECTIONS FOR USE:

SHOWER & BATHROOM SCUM:

ONE SHOT GEL should be applied neat. Apply to bath or shower, allow a few minutes to penetrate dirt and soap scum, agitate and then rinse off.

SINKS, BENCHTOPS & FLOORS:

ONE SHOT GEL should be diluted 1 to 10. Apply to surface, allow a few minutes to penetrate dirt, agitate with sponge and then rinse off.

TOILETS & URINALS:

ONE SHOT GEL should be applied neat to toilet bowl. Direct product inside bowl to completely coat the sides of the bowl and up and under the rim. Allow a few minutes to penetrate dirt, agitate and then rinse off.

The technical information/suggestions herein are believed to be reliable but since the conditions of use are beyond our control they are not to be construed as warranties. It is the purchasers responsibility to test and determine the suitability of a product for the purchasers intended use.

ONE SHOT *gel*

Super Concentrated, Industrial Strength **ONE SHOT** Cleaner and Disinfectant.

ONE SHOT GEL is a citrus based all natural all in one acid based total washroom solution, designed for all washroom surfaces from the shower to the toilet bowl. **ONE SHOT GEL** combines the power of cleaning and disinfection in one solution. It will efficiently remove soap scum & body fat from showers yet safely clean hand basins and toilet bowls. Used neat **ONE SHOT GEL** will disinfect and deodourise while cleaning, controlling mould problems and quickly remove uric acid build up in toilets and urinals. **ONE SHOT GEL** is formulated using safe organic acids and non- ionic surfactants, a combination that has proven to be the least corrosive to all metal yet gives excellent performance.

ONE SHOT GEL can be included as part of the cleaning control process across multiple settings such as:
Hospitals, Hotels and Motels, Nursing homes,
Schools, Offices, Gyms, Medical and Dental facilities.
